SOLDIERS' MEDAL FOR HEROISM TO CAPT. ANDERSON

Captain Harold F. Anderson, the son of Mr. and Mrs. Eric I. Anderson of 133 High Hall road, has been awarded the Soldier's Medal for heroism in the South Atlantic between May 20 and May 22, 1943.

The citation reads in part, "Lieut. Anderson (he received his promotion to a captaincy in December), another officer and four enlisted men, volunteered to man a 42-foot crash boat and go to the rescue of survivors of a ship that had been torpedoed and sunk by an enemy submarine. They made three missions through the area known to be infested with submarines, rescuing a total of 115 persons."

The exceptionally meritorious conduct of this officer in performing outstanding services which are far beyond the call of duty and for which he has had no special training has not only resulted in the saving of many lives but also reflects the highest tradition of the service. The said boat is a small craft of wooden construction made only for patrol duty inshore and the hazards of a trip of over a hundred miles at sea in pre-war time are innumerable. The additional hazard of enemy undersea craft which are in these waters in great numbers made the trip an epic of bravery and courage that few men are capable of executing.

In December, he was awarded the Air Medal for "meritorious achievement while participating in anti-submarine and convoy missions from August, 1942, to May, 1943." He flew 237 hours over dangerous waters of the Atlantic.

Captain Anderson who is a graduate of Arlington High School and Bridgton Academy, left the University of Maine in his senior year to enter the service. His brother, Lieut. George E. Anderson, is a navigator in the Army Air Corps.

Commander Berg Chosen Advisory Committee Head

At Enthusiastic Organization Meeting, Commissioner Long Outlines Rehabilitation Plans.

At an enthusiastic meeting of the Advisory Committee on the Rehabilitation of Veterans, held Monday evening in the Hearing Room of Robbins Memorial Town Hall and attended by twenty-six of the thirty-four members, Commander Charles E. Berg of the American Legion was elected chairman. The other officers chosen were Mrs. Robert W. Murphy, president of the Arlington Visiting Nursing Association as vice-chairman, and Brayton D. Fisher, Lions Club representative, as secretary.

The Selectmen were present at the opening of the meeting and Chairman Harold M. Estabrook explained the purpose of the committee and stressed the importance of the work. He presented W. R. Long, commissioner of state aid and pensions and chairman of the State Advisory Committee.

Mr. Long outlined the plan developed by the state committee for

operation in various communities. He also cited cases from his experience in the State House. At the close of his talk all those present realized the size of the job they had before them. Mr. Estabrook, in thanking Mr. Long, remarked that in electing the chairman, they must remember that that official would have to give much time to the work.

In choosing Mr. Berg, the committee secured as chairman a man who has had experience in rehabilitation work through his position as commander of the Legion. In this capacity he has already given help in fifty-nine cases. He realizes that the work is only beginning and is bound to increase greatly. In fact, he believes that we are far from ready for the war to end.

Discussion of committee plans included the establishment of an office with a paid secretary in charge, where those seeking guidance can be interviewed.

A color guard from Post 39, American Legion, escorted the body. Burial was in Calvary Cemetery, Waltham, where a squad from the First Naval District fired a salute.

He was chief radioman on the patrol boat. Born in Newton 39 years ago, he lived in Arlington for a number of years.

Besides his mother, he leaves his widow, the former Miss Eileen Murphy of Cambridge, two children, Ruth Marie and Robert Paul, 10 years old, and a brother, Sgt. Warren D. Healey, 10th Armored Division, U.S.A., at Camp Gordon, Ga.

A Tribute to Mrs. Annie A. Teele

Mrs. Annie A. Teele, who was taken from our midst December twenty-ninth, nineteen hundred and forty-three, was an honored member of Menotomy Chapter, Daughters of the American Revolution, Arlington, Massachusetts.

Her membership of long-standing and her interest in the work of the Chapter make her passing a distinct loss to the organization. Aiding in hospitality and as chairman of different committees of various departments of Chapter work, she was always ready to do her part in every way.

Until her last illness, which prevented her participation in the work of the other clubs to which she belonged, the Arlington Woman's Club, the Searchlight Club, the Arlington Women's Republican Club, and the Kensington Park Study Club, Mrs. Teele was constant in her attendance at meetings of the organizations in which she retained active membership.

Menotomy Chapter has met with a deep loss in the passing of such a devoted member.

Every patriotic home in America will want to display this emblem. Paste it on your front door or on a window to show that you have done your part in the 4th War Loan.

Display your colors

Every patriotic home in America will want to put up this emblem!

THIS emblem is a symbol of your patriotism. It tells the world that you have done your full share in the 4th War Loan. Every true-American will be proud to display it at home.

Our valiant fighting men . . . soldiers, sailors and marines . . . on every far-flung battlefield are on the attack . . . forging ahead steadily, relentlessly. Nothing on earth can stop them . . . IF WE BACK THEM UP!

Backing them up means throwing every dollar we can possibly spare into the fight *right now* . . . even if it takes sacrifice on our part.

That's the purpose of this 4th War Loan Drive.

To earn the right to display the 4th War Loan Emblem you must invest in at least one EXTRA hundred dollar Bond (at a cost of only \$75) . . . over and above your regular

War Bond subscription. But don't stop with *one*! Invest in all the extra Bonds you think you can afford . . . then invest in some more!

Remember, every dollar you put into War Bonds does double duty. It helps to win the war . . . and at the same time it insures your own financial security.

Here, too, is a chance to help your company meet its quota in this 4th War Loan.

Maybe this will mean sacrifice on your part. Maybe it will mean doing without something you want. But don't forget . . . while you are only *lending* a few spare dollars . . . thousands of our gallant fighting men are *giving* their lives *for you*! Show that you're backing them up 100%. Invest in *extra* War Bonds to the limit of your ability. And display the 4th War Loan Emblem at home!

BUILD YOUR FUTURE WITH THE WORLD'S SAFEST INVESTMENT

All over the country men and women look to the future with confidence. They are the ones who have put part of their extra war-time earnings into the world's safest investment—U. S. Government War Bonds.

Yes, they are helping their country in its grimmost struggle. But they are helping

themselves, too! They are helping to secure their future, to weather any troubled days that may lie ahead.

What about you? Are you letting the dollars slip through your fingers—dollars that should be put safely away in War Bonds?

There are War Bonds to fit your needs . . . Bonds backed up by the strongest "company" in the world. Build that home you have always dreamed about. Send your child to college. Buy the wonderful things that are coming after the war. YOU CAN DO IT WITH YOUR WAR BOND SAVINGS.

Let's All BACK THE ATTACK!

Here is the letter:
Dearest Ma and Pa:
(I love you all.)
Well, Ma, I went out to see grandma and she is fine. She sends you all her love and so does all the whole village where you come from. I saw my cousins, aunt, uncle, and a lot of other people who knew you and Pa. I saw the house where Pa was born and where you and Pa were married. Aunt Lucia Gullano Casazza is living there now. I gave grandma a big box of food and I also gave her 6,000 lire. I put the money in the hands of the priest. I also gave all the relatives some money. It seems funny that I was out to the place where all my brothers and family came from. Gee, it's all farms out there and a lot of mud. I will write you more about this trip but now I am busy catching up on some work. Have a good time New Year's eve and give my love to all. God bless you all.

Pilot Boards Life Raft

One-man rubber life rafts are standard equipment in all Navy single-seat fighters. The raft is packed and stowed below the turtle back immediately behind the pilot's seat. After a landing at sea, the pilot pulls out the raft, turns the valve on the bottle of carbon dioxide, and the raft inflates in 1 minute. To get onto the raft, the pilot grabs the opposite side and throws himself horizontally across the boat.

SCHOOL CHILDREN PLAN TO PURCHASE AIRPLANE AS WAR LOAN DRIVE STARTS

(Continued from Page 1)

drive. Another local bank reported \$2,400 worth of bonds purchased during the first two hours of business on Wednesday. Solicitors who have volunteered their services to the Arlington War Finance Committee which is conducting the local drive have also started to make their house-to-house calls and are meeting with success.

Last minute plans for Arlington's participation in the nationwide campaign were mapped out at a meeting in the Arlington Five Cents Savings Bank on Friday afternoon. Another meeting of the local committee will be held tomorrow afternoon at the same bank. Arthur J. Mansfield and Harrie H. Dammun, co-chairmen of the local drive, will report on the progress of the local campaign at this meeting.

Treasure Hunt for School Children
Highlighting the school department's participation in this drive, under the direction of Superintendent of Schools Clifford R. Hall, is a Treasure Hunt. The purpose behind this is to dig out all partly filled war stamp books that may be hidden in desk and bureau drawers at home. Children have asked their parents to look up these books, fill them with stamps and convert them into bonds during the Loan Drive. Two local schools, Junior High School West and Junior High School Center, are already flying the Minute Man flag, denoting that more than 90 percent of the student body have participated in the War Savings drive each month. Mr. Hall reported at Friday's meeting. The next objective is for each school to buy enough bonds to purchase a plane.

According to this plan, any school which buys enough war bonds to

pay for a plane, the least expensive of which—a pursuit plane—costs \$15,000, will be especially honored. A plaque bearing the school's name will be placed on the plane and a duplicate of the panel will be presented to the school. The pilot and crew of the plane will in turn officially notify the school as to the name given their plane. This program is part of a nation-wide project under the sponsorship of the Treasury Department and local school pupils are making every effort to boost their school totals during the Fourth War Loan drive in order to buy a plane as quickly as possible.

Precincts Organized
Arlington volunteers are working under the direction of precinct chairmen during this campaign in which Arlington is expected to buy three million dollars' worth of bonds. The first precinct to be completely organized is Precinct Six, with Winslow C. Sisson as chairman. His captains are: William G. Porter, Miss Anna Barnes, Mrs. Milton Estabrook, Mrs. John K. Berry, Charles A. Hardy, Torster, H. Reensterna, Russell P. Wise, Mrs. L. Brooks Saville and Mrs. W. Frederick Fletcher.

Other precincts are being organized under the direction of the canvassing committee. Complete instructions have been given solicitors to insure that bonds are properly issued.

Look upon every day as the whole of life, not merely as a season, and enjoy and improve the present without wishing, through haste, to rush on to another.

DEMOCRACY AT HOME

The New England Town Meeting is frequently cited as an excellent example of a true democracy. However, when the voters in a town so increase in number that there is no meeting place large enough to accommodate them all, it ceases to be a democracy; the meeting can be too easily packed by one faction or another.

In Arlington this difficulty was solved by changing the form of government to a representative Town Meeting—the election of Town Meeting Members whose duty it is to attend Town Meetings and to vote on the conduct of town affairs and whose decisions are as binding on the town as are those of Congress on the country.

Voters in each precinct choose those who they believe will best represent them in Town Meeting. These representatives, voting as they do on town expenditures, on zoning, on the acquisition and disposition of town property, on school questions, on any changes in town laws, are solid base of the town government. They should be citizens, men and women, who can be trusted not only to represent their precincts but to consider carefully the best interests of the town.

Unfortunately in the past two or three years there has been a failure to realize the importance of the Town Meeting members. Not enough nomination papers have been filed. In many precincts there has been no contest, only enough names appearing on the ballot to fill the vacancies, while in some precincts there were not enough nominations to fill the vacancies and names had to be written in—a practice that certainly did not result in careful choices.

There are still eleven days in which to file nomination papers. It is to be hoped that before that period is over candidates will have come forward for every vacancy.

We talk a great deal about fighting for democracy. One way to fight for it is to make it work here at home.

ARLINGTON FORTUNATE

Arlington is fortunate in having its hospital awarded full approval by the American College of Surgeons for 1943. Symmes has, however, so long been a Grade A hospital that we take it too much for granted. We do not fully appreciate, until we need it, what it means to have an excellent hospital in our own town.

Nor do we realize the greater difficulties such a hospital faces because of war conditions. Symmes has not only met these conditions efficiently but has taken on the added responsibilities pointed out by the associate director of the American College of Surgeons in announcing the list of approved hospitals, such as organizing for civilian defense; training increased numbers of nurses under the United States Cadet Nurse Corps program; accelerating training programs for medical students, interns, and residents as required to meet the demands for doctors for the armed services; and training and organizing volunteer workers to relieve the overburdened regular staffs. The director added: "With depleted staffs of doctors, nurses, and other personnel, hospitals have had great difficulty in meeting the needs, yet the record shows splendid accomplishments in preventing and treating disease, made possible by constant striving to maintain the high standards of service that assure the patient of efficient, scientific care."

Symmes has served us well during the war years. It merits our continued support and encouragement, with the realization that the splendid service of hospitals throughout the nation in caring for the ill and injured is one of the reasons for our strength and the improving prospects for an early victory. We can help our hospital, by finding recruits for its nursing school and by giving our own services which can be shared to fill in some nook of activity to relieve the manpower shortage and assure good care of patients.

Dr. Sheldon Installed At Park Avenue Church

Dr. Paul E. Sheldon was installed last night as minister of the Park Avenue Congregational Church. At the meeting in the afternoon of the installation council at which all churches of the Suffolk North Association were represented by ministers and delegates, Dr. Sheldon gave an address on "Preaching and the Bible." He told the place of the Bible not only in preaching but in private devotions, especially in the world today.

Supper was served at six o'clock by a committee headed by Mrs. George Greenlaw and was followed by the formal service of installation at which Rev. Laurence L. Barber of the Orthodox Congregational Church presided as moderator of the association. Taking part in the service were Rev. Horace Holton of the Congregational Board of Pastoral Supply; Rev. Ralph Timberlake, president of the Massachusetts Congregational Conference; Rev. Milo Pearson of Salem, and Rev. Clifford Simpson of Springfield, Vt., who is a former minister of the Park Avenue Church. The main address of the evening was given by Rev. Carl Heath Kopf of the Mt. Vernon Congregational Church in Boston.

Jacob Bitzer Observes Seventy-ninth Birthday

Sunday was the seventy-ninth birthday of Jacob Bitzer, who has always been active in the service of his home town. The anniversary was observed at his home on Fessenden road by a family party, including his wife, his son Alfred, whose home is at 4 Beck road, a street built by Mr. Bitzer and named for his mother; his daughter-in-law and his two granddaughters, who particularly enjoyed themselves.

Mr. Bitzer's town activities include four years as Selectman, four as Moderator, member of the Planning Board, of the original High School Building Committee, of the committee that introduced the Representative Town Meeting and of the Committee on the Equalization of the Salaries of Town Officials.

This is a long and honorable list but Mr. Bitzer is especially proud of the five years that he served in the State Legislature since that was during the first World War and he was elected and re-elected in spite of his German birth. Not in the slightest was his loyalty questioned.

He was eight years old when he came to this country, unable to speak a word of English and as his teacher at the Cutter School could not speak German, communication was difficult. Moreover, at a time when foreigners were rare he was somewhat of a curiosity.

He recalls the days when he worked in the Schwamb factory, getting three dollars a week, with an extra dollar for starting and tending nine fires. He is grateful to this country. Nowhere else, he believes, could a poor boy come in and build a successful life. He is grateful, too, to many of the old families in town who were friendly and helpful.

In 1888, Mr. Bitzer joined the Odd Fellows and is one of the oldest members of Bethel Lodge. He is also active in the Arlington Historical Society. He is in "pretty fair condition," he says, except that he suffers from arthritis so that he cannot "mingle with the multitude" as he used to.

Complained of Injuries

Rodney W. Gott of Bedford and Mrs. Greta Bitzer of Burlington complained of injuries after the car in which they were riding had collided with a sedan driven by Leonard H. Higgins of 161 Washington street, Jamaica Plain. The accident occurred last Thursday afternoon on the Concord pike opposite 26 Pilgrim road. Both cars were towed away.

Mrs. Annabella Richmond of 15 Higgins street claimed injuries after a truck driven by George J. White of 20 Blossom street had collided with the rear of the car in which she was riding. The accident occurred on Massachusetts avenue at Medford street last Saturday afternoon.

THIS is what we've been working for all along. This is the year to hit and hurt the enemy. This is the time when everything you do counts double. If we all get together and do all we can, we'll be over this hurdle and well on our way to complete and crushing victory.

No question about the men in uniform—they'll go "all out." But can we count on you to back them all the way? Your quota is where you work—you've got to buy your War Bonds and then buy more, until every last loose cent

you have is fighting. Tough? Of course, it's tough—unless it is a sacrifice you're simply not doing your share!

Make the sacrifice now—buy more than the extra \$100 Bond your country counts on you for—winning the war is worth any sacrifice you make. Besides, you aren't giving, you're lending to America! You'll get back every dollar you invest in War Bonds, with interest.

An extra \$100 War Bond now is the minimum for everybody—can't we count on you for more?

This sticker in your window means you have bought 4th War Loan securities.

Householders are requested to save newspapers, magazines, brown paper and cardboard, and, keeping each type of paper separate, to tie them up with strong twine or rope four ways. They will be picked up by the Scouts or Cubs either on the day of collection or during the week previous.
